Hardware requirements

- Digital video camera (MiniDV)
- Internet connection
- Wind trainer
- Windows® XP Service Pack 2, Windows® Vista
- CD/DVD read/write
- Sound card
- One Firewire (IEEE 1394) card per camera (Dual cameras will need 2 Firewire cards)
- 2.2MHz Core 2 Duo or similar
- Graphics card for a desktop : ATI Radeon HD 3450 (Please call to discuss other options)
- Graphics card for a laptop : Intel 965 graphics chipset
- 1 GB RAM (for XP), 2 GB (for Vista)
- 100 GB free hard disk space
- A 19" or 22" monitor with at least 1024 vertical pixels (eg 1280 x 1024 or 1680 x 1050). Higher resolutions may make the text and buttons too small.
